

## **PRESS RELEASE**

### **BROADROCK RECORDS SAFETY MILESTONE IN 2016**

**Johnston, RI - December 6, 2016** – Broadrock Renewables is proud to announce that it has reached an impressive milestone, five consecutive years without a lost time injury (LTI).

As of Friday December 2, 2016, employees and contractors of Broadrock’s Johnston Rhode Island facilities have worked more than 1,826 days without an LTI.

Douglas Wilson, CEO, commented “Safety continues to be a key priority through management, education, training, programs and inspections resulting in good performance and progress.” Wilson credits this accomplishment to the outstanding employees and their commitment to Broadrock’s safety culture as part of its “Know Safety = No Accidents” theme.

#### **About Broadrock Renewables LLC**

Broadrock Renewables LLC is a leading renewable energy company that operates two large-scale electricity production facilities that capture methane gas generated by our host landfills and converts that gas into clean, renewable electricity.
